Step Code Webinar

For those who are familiar with the Community Energy Association, you may be aware of the Builder/Contractor sessions they have been promoting in recent weeks. There is a Builder/Contractor session planned for our region this coming April 13, 2022 at 9:00 am.

The Builder/Contractor training sessions have been pre-approved for 1.5 CPD from BC Housing.

The following regions are invited to attend:

- Cariboo Regional District
- City of Quesnel
- City of Williams Lake
- District of 100 Mile House
- District of Wells

During these FREE, 1.5 hour sessions, Northern-based builders, contractors, sub-trades, energy advisors, designers, suppliers and others are invited to explore:

- **Step Code 101** – Rationale, timelines and requirements for energy modeling, air tightness testing and mechanical systems.
- **Builder Best Practices** – Hear from a local or regional builder about their Performance Pathway process, best practices and key take-aways. Northern BC, cold-climate case-study review.
- **Working with an Energy Advisor** – Learn the best phase to engage an energy advisor and how to connect with them to ensure your project stays on track and on time.
- **Performance Pathway Process** – The steps and paperwork required: pre-built form, as-built form, final airtightness test, etc.
- **Building A Legacy North Initiative** – Support for local government and industry on Step Code implementation in the north.
- **Facilitated Discussion**
