

PUBLIC NOTICE

BOIL WATER NOTICE

Alexis Creek Water System

Effective June 12, 2024

The Cariboo Regional District has issued a Boil Water Notice to users of the Alexis Creek Water System pursuant to a request of a Drinking Water Officer under Section 14 of the *Drinking Water Protection Act*. This Notice will remain in effect until further notice.

The Cariboo Regional District's water systems are tested regularly to ensure they meet public health regulations. This boil water notice is being issued due to low pressure caused by a hydro pump failure. Repairs will be underway.

All users of the Alexis Creek Water System are asked to bring water to a rolling boil for a minimum of one minute before using water from the system for:

- Drinking (or use an alternate, safe source of water)
 - Cooking (if not boiled)
 - Brushing teeth
 - Washing Dishes
 - Washing fruits or vegetables to be eaten raw
 - Watering animals
- Also, please use hand sanitizer after washing hands.

The Cariboo Regional District has contacted Interior Health to request their cooperation while this maintenance is performed.

This notice remains in effect until another public notice is issued upon the request of a Drinking Water Officer. If you have further questions, please call the Environmental Services department at 1-800-665-1636.
