

CRD Emergency Operations

Every Second Counts – Is Your Address Visible?

The Cariboo Regional District has a program with local sign companies for standardized house numbering signs. The program is available to all Cariboo-Chilcotin residents.

Visible, standardized signs make it easier for emergency responders to find a home or business address quickly in the event of an emergency. Often, emergency responders are travelling to remote locations with address signage that is barely legible, if there is a sign at all, and minutes can mean the difference between life and death.

The standardized design resembles a 5" X 12" license plate and includes reflective materials. The price is \$21.50 per plate plus taxes and available through the following participating companies:

Quesnel

Quesnel Sign Stop

1907 Cariboo Hwy N.,
Quesnel BC V2J 3P2
250-992-9648

Williams Lake

Schickworks Signs & Stitches

955B Mackenzie Ave. S.,
Williams Lake, B.C. V2G 3X9
250-398-6335
