

PUBLIC NOTICE

BOIL WATER NOTICE

Gateway Water System

Effective March 20th, 2026

The Cariboo Regional District has issued a Boil Water Notice, to the Gateway Water System users pursuant to a request of a Drinking Water Officer under Section 14 of the *Drinking Water Protection Act*. This Notice remains in effect until further notice.

The Cariboo Regional District's water systems are tested regularly to ensure they meet public health regulations. This boil water notice is being issued as a result of an unacceptable coliform count.

All users of the Gateway Water System are asked to bring water to a rolling boil for a minimum of one minute before using water from the system for:

Drinking (or use an alternate, safe source of water)

Cooking (if not boiled)

Brushing teeth

Washing Dishes

Washing fruits or vegetables to be eaten raw

Watering animals

Also, please use hand sanitizer after washing hands.

The Cariboo Regional District has contacted Interior Health to request their cooperation while this maintenance is performed.

This notice remains in effect unless and until another public notice is issued upon the request of a Drinking Water Officer. If you have further questions, please call the Environmental Services department at 1-800-665-1636 during regular office hours.
