[End of Part 1]

PART 2 – EVALUATION AND NEGOTIATION

2.1 Stages of Evaluation and Negotiation

The Region will conduct the evaluation of proposals and negotiations in the following stages:

2.2 Stage I – Mandatory Submission Requirements

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the Region will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be excluded from further consideration. The Rectification Period will begin to run from the date and time that the Region issues a rectification notice to the proponent. The mandatory submission requirements are as follows:

2.2.1 Submission Form (Appendix B)

Each proposal must include a Submission Form (Appendix B) completed and signed by an authorized representative of the proponent.

2.2.2 Pricing Form (Appendix C)

Each proposal must include a Pricing Form (Appendix C) completed according to the instructions contained in the form.

2.2.3 Other Mandatory Submission Requirements

Proponents must submit, as part of their proposal, a Detailed Work Plan

2.3 Stage II – Evaluation

Stage II will consist of the following two sub-stages:

2.3.1 Mandatory Technical Requirements

The Region will review the proposals to determine whether the mandatory technical requirements as set out in Section C of the RFP Particulars (Appendix D) have been met. Questions or queries on the part of the Region as to whether a proposal has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3.

2.3.2 Rated Criteria

The Region will evaluate each qualified proposal on the basis of the rated criteria as set out in Section D of the RFP Particulars (Appendix D).

2.4 Stage III – Pricing

Stage III will consist of a scoring of the submitted pricing in accordance with the price evaluation method set out in the Pricing Form (Appendix C). The evaluation of price will be undertaken after the evaluation of mandatory requirements and rated criteria has been completed.

2.5 Stage IV – Ranking and Contract Negotiations

2.5.1 Ranking of Proponents

After the completion of Stage III, all scores from Stage II and Stage III will be added together and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the Region.

2.5.2 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP Process (Part 3) and will not constitute a legally binding offer to enter into a contract on the part of the Region or the proponent and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Form of Agreement (Appendix A) are to form the basis for commencing negotiations between the Region and the selected proponent. Negotiations may include requests by the Region for supplementary information from the proponent to verify, clarify or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the Region for improved pricing or performance terms from the proponent.

2.5.3 Time Period for Negotiations

The Region intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the Region invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to provide requested information in a timely fashion and to conduct its negotiations expeditiously.

2.5.4 Failure to Enter into Agreement

If the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the Region may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process shall continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations or until the Region elects to cancel the RFP process.

2.5.5 Notification to Other Proponents

Other proponents that may become eligible for contract negotiations will be so notified at the commencement of the negotiation process with the top-ranked proponent. Once an agreement is finalized and executed by the Region and a proponent, the other proponents will be notified in accordance with the Terms and Conditions of the RFP Process (Part 3).

[End of Part 2]
