By-election to be held for Electoral Area F Director

Williams Lake, B.C. – Today, the Cariboo Regional District confirmed there will be a by-election in the spring for Electoral Area F Director. Electoral Area F Director-Elect, Conrad Turcotte, was unable to take his oath of office by the deadline following the Oct. 20 election.

Turcotte had until Dec. 7 to be sworn into office, as Directors have 45 days to take the oath after the declaration of official election results. If a Director-Elect does not take the oath of office within those 45 days, the current Electoral Area Director continues in the position and the CRD holds a by-election as soon as is practical.

General election day for the Area F by-election is tentatively scheduled for March 30, 2019; however, the by-election details and timeline will be confirmed by the CRD Board at the Board meeting on Jan. 18, 2019.

Previous Area F Director, Joan Sorley, continues to hold the position until the by-election.

By-election information will be posted at cariboord.ca/elections when it is available.

Electoral Area F includes the area around 150 Mile House, Likely and Horsefly. If you are unsure if your property falls within Electoral Area F, use the interactive map to search your address at cariboord.ca/elections.
